We started Letters Across Borders because the best international projects begin with knowing one another - not with long meetings.

LETTERS ACROSS BORDERS | 02

This is Bursa.

HISTORY

Bursa was the first capital of the Ottoman Empire. Its historic center and Cumalıkızık village are part of the UNESCO World Heritage List.

NATURE

Our city sits at the foot of Uludağ Mountain, where city life, forests and winter snow meet.

TASTE AND CULTURE

Bursa is known for its silk heritage, Turkish tea, İskender kebab and candied chestnuts. If you visit, we will make sure you try them all.

From our city to yours...

We know Naivasha is shaped by its beautiful lake and nature. Now we want to discover the city through your eyes.

YOUR TURN, NAIVASHA
